## Education

Bachelor of Architecture, XYZ University

Expected Graduation: May 2025

## Skills

- Architectural Design & Drafting
- AutoCAD, Revit, Rhino, SketchUp
- Sustainable Design & Urban Planning
- 3D Modeling & Rendering (Lumion, V-Ray)
- Construction Documentation
- Adobe Creative Suite (Photoshop, Illustrator, InDesign)

## Experience

Architecture Intern, ABC Design Studio

June 2023 - August 2023

- Assisted in the design of residential and commercial projects.
- Created detailed CAD drawings and 3D models for client presentations.
- Conducted site analysis and research for sustainable building solutions.

Freelance Architectural Designer

2022 - Present

- Designed custom home plans and renovations for private clients.
- Provided visualizations and concept sketches to bring ideas to life.
- Collaborated with engineers and contractors on feasibility studies.

## Projects

- Sustainable Urban Housing Model: Designed an eco-friendly residential community using passive design strategies.
- Adaptive Reuse of Industrial Space: Transformed an abandoned warehouse into a multi-purpose

cultural hub.

- Tiny Home Initiative: Developed efficient, small-scale living units focusing on affordability and sustainability.

## **Leadership & Involvement**

- President, XYZ University Architecture Club
- Member, American Institute of Architecture Students (AIAS)
- Volunteer, Habitat for Humanity (Design & Construction Assistance)
